Designed Memories

Depuis 2015, The Line façonne avec amour, des fixations murales comme des silhouettes poétiques.

En un trait, découpé dans du métal, The Line révèle des panoramas de villes, des sommets légendaires ou encore des morceaux mythiques, incarnés visuellement par leur fréquence sonore.

À travers un design pur et émouvant, libre à chacun d'y retrouver une part de son histoire, une mémorable expérience vécue, un rêve à accomplir.

The Line attache une importance particulière à la création de ses produits - conçus et fabriqués dans une demi douzaine d'ateliers à travers la France - ainsi qu'à celles et ceux qui les fabriquent, de la SCOP (Société Coopérative et Participative) où sont découpés les profils en métal, jusqu'à l'assemblage réalisé par un ESAT (Etablissement et Service d'Aide par le Travail) au cœur de Paris.

Since 2015, The Line crafts with care wall mountings in the spirit of poetic silhouettes.

In one stroke, cut out in metal, The Line reveals panorama of cities, legendary mountain tops, or even mythical music tracks visually represented by their soundwaves.

Through a pure and moving design, each one of us can recognise part of their own story, a memorable experience, a dream to achieve.

The Line strongly values the craftsmanship of its products - designed and made in half a dozen workshops across France - as well as the people behind the making, from the SCOP (equivalent to a Cooperative and Participatory organisation) where the metal shapes are cut out, to the assembling of the products done in an ESAT workshop (employing disabled persons with a view to professional reintegration) in the heart of Paris.
